The School Day

The Board and the Union recognize that a teaching assignment involves classroom instruction time, planning and conference time, general supervision of students time, lunch time and travel time for those with an assignment in more than one building in one day.

The Board and the Union further recognize that teachers take their responsibility to students very seriously and, thus, arrive well before students arrive and leave well after students depart. Teachers fully satisfy their professional and contractual duty (under VII paragraph 1 above) to supervise "the arrival and departure of students," and use their time to meet with students and parents on a reasonable basis.

To further clarify and establish minimum guidelines to describe the school day, the Board and the Union agree that teachers will be available before the bell signifying the arrival of students into the building, and after classes end, for a minimum of forty (40) minutes, which may be scheduled with the building principal in any combination of periods which total forty (40) minutes and provide for no less than ten (10) minutes before or ten (10) minutes after the school day defined above.

## LETTER OF UNDERSTANDING

### Internship Program

The Board of Education and the Dearborn Federation of Teachers agreed to implement an Internship Program beginning in the Fall Semester of the 1986-87 school year. The details of the program are outlined in the book Teacher Performance Appraisal as revised in June, 1988.

1. The Review Board will consist of three (3) DFT appointees and three (3) Administrative appointees. The position of chairperson will be rotated each year with the President of the DFT (or his/her designee) serving one (1) year and the Superintendent's designee serving the next. Reappointment of Review Board members will be at the option of the respective parties. The Review Board will approve any changes in the program.
2. Consulting Teacher positions will be posted to the DFT membership. The selection of Consulting Teachers and their assignments will be the responsibility of the Review Board.
3. The Intern will be assisted and evaluated by a Consulting Teacher selected to work with approximately ten (10) Interns for the entire school year. The proportion of released time given to a Consulting Teacher may vary depending on the number of Interns hired in a specific area on the basis of one (1) Consulting Teacher per ten (10) Interns. Consulting Teachers will be paid an additional stipend of \$2,000, equated to full time employment as a Consulting Teacher.
4. Consulting Teachers may be assigned to work in the Internship Program for a total of three (3) years. Consulting Teachers retain the right to return to the specific position previously held.
5. Full-time Consulting Teachers are to be excluded in determining the student-teacher ratio at all levels. Part-time Consulting Teachers are to be excluded to the extent that they serve as Consulting Teachers.
6. Teachers who are required to serve a two-year probationary period would qualify as Interns for the first year of this period.
7. The recommendation to the Review Board will be solely the responsibility of the Consulting Teacher. The Review Board could accept or reject the recommendation and, in any event, make a recommendation concerning future employment of the Intern to the Superintendent who would maintain the legal responsibility for recommendation to the School Board.
8. In the second year of probation, the building principal or other appropriate administrator will assume responsibility for evaluation of the Intern Teacher.

9. The program will exist for one(1) year (1988-89 school year) and may be cancelled in its entirety by either party. Continuation of the program will be by mutual agreement.
10. It is intended that this Letter of Understanding shall supersede Article XI of the DFT Contract so long as the Internship Program is in effect, insofar as it relates to teachers in the first year of their probationary period who are placed in the Internship Program.
